

The Deity You are, the Most Juggernaut

Dr. Purna Chandra Ojha

Omniscient, Omnipotent, *Hic et ubique* You are
O' my laudable Lord Jagannatha !
 De facto, unique is Your creation and unique
Deity you are, the most Juggernaut.
 I implore you gazing at Your colours ever sacred
 Intense - blue that makes us very pure.
 Shining as the moon, though black Your face
 Seemly in Your sinciput the diamond very rare.
 Homage to You oft and oft O' my Lord
Hare-brained not You are I know verily,
 As a wise arbiter, You can exonerate
 Any wrong or sin committed by us freely.
 River or sea can't move sun or moon
 Rightly the whole world even can't stir,
 Even a leaf can't flap by a hurricane
 Easily or painfully if You not desire.
 Virtue or vice, I do not know good or bad
 Vivify my life my Lord not being illiberal,
 In the domain of Your what the Universe knows
 Ill-fated myself also, nothing is impossible.
 Engage me in Your service that the seers
 Earnestly seek by practising austre penance
 Worship You, pray You, I, O' deity of wonder !
 Wipe out the affliction of all, casting Your glance.
