- (iii) The cost effectiveness of all Schemes should be carefully considered so that returns from the funds invested under the scheme are maximized.
- (iv) There should be complete transparency in the choice of schemes and their locations. The prioritized list of schemes and the reasons for taking up the schemes and the criteria for choice of locations must be reflected in the District Plan and be made available on the web-site.
- (v) It should be ensured that the schemes are sustainable and assets should be planned with care so that they are useful and maintained even after the scheme is over. Special attention is to be given to sustainability of each project. In the case of community assets, wherever possible future maintenance should be built into the programme, e.g., if a community hall is constructed, individuals who use the hall should be charged user fees so that a corpus fund for maintenance can be set up.
- (vi) It will be mandatory that funds are allocated for SC communities under the Scheduled Caste Sub-Plan (SCSP) and ST communities under Tribal Sub-Plan (TSP) modes in proportion to their populations in a village.
